RE: Records Request – Agreements, Procurement Documents, and Communications regarding ownership, operation/management responsibilities of the water systems, treatment plants, etc.

Dear Ms. Lipton,

Earlier this morning Signa Gundlach, IGP and Laura Browning, Esq., called your office and were able to leave a voice message in-regards to the public records request you submitted on May 28, 2019. The voice message is also a follow up to two prior written communications (June 04, 2019 & June 19, 2019) that were sent to Muckrock, both of which have gone unanswered. In the voice message today, we explained that we are standing by, waiting to fulfill the request but we cannot fulfill it without a response from you.

Please contact me, as soon as possible, at 702-239-0825 regarding this request.

Sincerely,

Signa L. Gundlach, IGP
Information Governance Records Management Supervisor
